**Sunday 5/13/2018**

Set-up 2:30 PM; program begins at 3:00 PM

1024 Carrington Place, off Rio Road across from Church of Our Savior

***PRESIDENT'S MESSAGE:***

Our May CHAOS meeting is 13 May 2018. Warm weather has arrived here in Central Virginia and dividing and repotting our Winter blooming orchids should be well underway. The task of moving our cool growing orchids outside for the warmer months should be completed by now and the intermediate and warm growing plants should follow shortly. There are always risks in exposing our tropical gems to the great outdoors, but the benefits usually outweigh the losses. One thing to consider when making this move is the risk of sun shock. Plants in a crowded greenhouse may have been shaded by their neighbors while inside and even the most sun tolerant ones may burn if not provided some degree of shade in their more spacious outdoor locations. Wind is also an issue, especially for those newly repotted plants whose rootballs have not yet matured. Even rain can cause problems at times. Last May we received over 10 inches of rain at my house and some of my paphs succumbed to brown rot (usually more of an indoor problem). Getting together once a month to discuss our hobby is always a treat.

Our May meeting will be held at our usual location (1024 Carrington Place, our normal venue across Rio road from the Church of Our Saviour). Setup will begin at the normal time (2:30) and the formal program will begin around 3:00. Remember that our raffle ticket price has been increased to \$1 per ticket and that the raffle plants will include some plants from the donated collection by Ms Naomi Itahi. Please feel free to bring snacks to share. Hope to see you at the meeting next Sunday.

Dudley

***SPEAKER INFORMATION:***

Our speaker for the May 13 meeting will be Nancy Mountford. She is a partner and breeder with Orchids Dominicana and is an internationally recognized hybridizer, lecturer and exhibitor. Her presentation will be big lipped phalaenopsis and scenes from Orchids Dominicana.

She will be bringing plants for sale, so there will be no CHAOS plant sales on that day.
