CHAOS Monthly Show Table

As part of each regular meeting of CHAOS, we have an informal show table. The intent is to show off your flowers and plants, and to allow others to enjoy them, too. In the spirit of informality, we have categories related to the number of plants you are growing – we don't want someone just starting to feel like they need to compete with the old pro.

Each meeting three people (usually the person leading the evaluation and the two who are standing nearest) are asked to look over the plants and select what strikes their collective fancy. We often have new people participate – it's a great ice breaker. So, one time the species plant aficionados will pick the tiny no-see-ums, and other times it just that one plant that really grabs your eye, or it's the monster plant with a bazillion blooms. At the end of the meeting the selected plants are briefly discussed and cultural tips for especially challenging plants are noted. By keeping it informal we want to encourage people to bring plants and share what it is that brings us all to an orchid meeting.

See the CHAOS website for a PDF form with four slips can be downloaded for your plants. Or pick up a slip from the folks setting up the table. On the back add any particular culture tips that you used to for growing and blooming your plant.

For all show entries, complete a show table form (plant identification on front, your name on back). After the meeting, leave forms on the table so that results may be tabulated.
