ACTING PRESIDENT'S MESSAGE:

Greetings All,

Our March meeting will feature a recorded Webinar from the American Orchid Society. This is the time of year that the cymbidiums great and small are blooming. The Webinar will be on the culture of cymbidiums. Cymbidiums are available in miniature forms now, and can be enjoyed by those with limited space. Even the standards can be grown without a greenhouse, provided there is a cool but not freezing space to keep them in the winter.

Many thanks to all the members that helped with our exhibit during the Virginia Orchid Society Show. It was a wonderful show as always. Our exhibit received the Orchid Digest Award and a cash prize for Best Visiting Societies Exhibit. Congrats go to our Ribbon award winners:

Dudley Miller received a 1st and 2nd place ribbons

Fay & George Tyler received a 2nd place ribbon

Brenda Steigman received a 1st place ribbon

Mark & Judy Bobsin received 2 1st place, 3 2nd place & 2 3rd place ribbons

Pam Van Brunt received 3 1st place, 4 2nd place, 3 3rd place, & 2 HM ribbons as well as a cash prize for the smallest flower in the show.

Jeff Morris received 10 1st place, 9 2nd place, 7 3rd place & 2 HM ribbons as well as Best Cattleya, Best Paphiopedilum, Best Dendrobium, Best Specimen Plant and a cash prize for the largest plant in the show.

Winter is refusing to go quietly this year. This week before the meeting is feeling more like January than March. Since we lost our December and January meetings due to the weather, we will be presenting the 2018 show table awards on Sunday.

Additionally we have a few business items that we will take care of as well.

March is usually a good month for all manner of orchids in bloom. Please bring the wonderful flowering orchids to display on the show table. We will hopefully have time to do some in depth review.

I look forward to seeing you all there.

Jeff Morris

CHAOS Monthly Show Table

As part of each regular meeting of CHAOS, we have an informal show table. The intent is to show off your flowers and plants, and to allow others to enjoy them, too. In the spirit of informality, we have categories related to the number of plants you are growing – we don't want someone just starting to feel like they need to compete with the old pro.

Each meeting three people (usually the person leading the evaluation and the two who are standing nearest) are asked to look over the plants and select what strikes their collective fancy. We often have new people participate – it's a great ice breaker. So, one time the species plant aficionados will pick the tiny no-see-ums, and other times it just that one plant that really grabs your eye, or it's the monster plant with a bazillion blooms. At the end of the meeting the selected plants are briefly discussed and cultural tips for especially challenging plants are noted. By keeping it informal we want to encourage people to bring plants and share what it is that brings us all to an orchid meeting.

See the CHAOS website for a PDF form with four slips can be downloaded for your plants. Or pick up a slip from the folks setting up the table. On the back add any particular culture tips that you used to for growing and blooming your plant.

For all show entries, complete a show table form (plant identification on front, your name on back). After the meeting, leave forms on the table so that results may be tabulated.

Join us for a *CHAOS* meeting!!!

Be our guest at a meeting because you enjoy orchids!
